

K-LOVE serves me by providing the word of God when I need it the most. It is a positive influence to the community and I LOVE the Christian music! If K-LOVE were to be displaced by an LPFM broadcaster, it would leave my community with only ONE other Christian station. As a Christian and a believer of my Lord and Savior Jesus Christ, it is my duty to make sure His word and His message are heard by as many people as possible. Taking away K-LOVE means one less line to get the uncompromised word of God into the public. In today's world, with hatred, sin, anger and depression, K-LOVE provides a much needed service. People can tune into K-LOVE for positive messages that aren't pushing drugs, abuse and adultery. Children can listen to the station and parents don't have to worry about the child hearing things that shouldn't fall upon young ears. It's one of the few stations I feel safe listening to, knowing I am not being fed a bunch of garbage that does more damage to me than entertain me. PLEASE do not take K-LOVE out of the communities!!!! People NEED to hear the word of God!!!!
